Universal Enterprises enquiry site

Project brief. Enquiries go to WhatsApp. No email.

Client	Universal Enterprises
Prepared for	Saavi Computech — internal use
Language	English
WhatsApp	+91 95299 40087
Source	Universal enterprises.txt
Delivery	One static page. No server.

DECISION

A normal enquiry form opens WhatsApp with the visitor's details already written. The page uses `https://wa.me/919529940087?text=...`. WhatsApp, or WhatsApp Web, opens with that text ready. The visitor taps Send.

> Nothing is emailed. No database. No WhatsApp Business API. The visitor needs WhatsApp on that phone or browser.

PAGE

- **Header.** Name, phone link, WhatsApp button.
- **Hero.** IT repair and sales in Sanaswadi, Shirur, Pune. Primary action: Enquire on WhatsApp.
- **Services.** Laptop repair, motherboard repair, printer repair, cartridge refilling, CCTV installation, network solutions. Each card has its own enquire button.
- **Products.** Hikvision 4-camera setup ₹14,500. Hikvision 8-camera setup ₹24,500. Computer setup from ₹12,999. New laptops and desktops. Accessories: hard disks, SSD, mouse, keyboard, HDMI, power and data cables.
- **Form.** Name, phone, what they need, short message.
- **Contact.** Sanaswadi, Pune–Nagar Road, near Dream Smart, Tal. Shirur, Dist. Pune, 412208. GST 27BOUPB9725A1ZU. Tap to call 9529940087. Floating WhatsApp button on mobile.

MESSAGE THE BUSINESS RECEIVES

```
New enquiry — Universal Enterprises
Name: ...
Phone: ...
Interest: Laptop repairing
Message: ...
```

Service and product buttons skip the form and name that item in the chat. The form still requires name, phone, and interest before it opens WhatsApp.

BUILD

- index.html — structure and content
- styles.css — layout, mobile first
- script.js — checks the form and builds the WhatsApp link

PATH OF AN ENQUIRY

1. Visitor fills the form, or taps a service or product.
2. The page writes the message.
3. WhatsApp opens on 919529940087 with that text.
4. The business receives the chat after the visitor sends it.

WORK

STEP	WHAT
1	Build the page: services, products, contact, enquiry form.
2	Style it for phones first, with a floating WhatsApp button.
3	Connect the form and item buttons to wa.me/919529940087.
4	Open the page and send a test enquiry. Confirm the number and the message.
